

November 9, 2009

Dear Parent,

Today, the students started timed tests on the 2 and 5 factors. These assessments are not graded and will not be sent home. They are taken on plastic coded paper so we can reuse them each day. Formal assessment on facts will be given throughout the week and notes will be coming home if your child does not know certain math facts.

The students received spelling books on Friday. These books do not have to be covered in clear contact paper. However, if you have any extra it may be a good idea, as it keeps the book stronger and less likely to lose the cover.

The students will be receiving an American Indian Project this week. Please look for this at the end of the week.

FACTOR OF THE WEEK- 9

Important Dates

Thursday, November 12- Science Test- Chapter 5

Friday, November 13- Veteran's Day Holiday
