

November 28, 2011

Dear Parent,

I hope everyone had a wonderful Thanksgiving. Now the class is learning about Advent. We will discuss ways to prepare for Jesus. We will also be creating a Jesse Tree in class. This is Jesus' family tree. There will be an Advent quiz later in the month.

A timed test was given last Wednesday. Please take note of your child's score. It was a five-minute test. This week, the tests will be one minute. There are a series of test and the first one starts with fifteen problems. Problems increase as each level is passed. It is a good idea to study every night.

In previous school newsletters, there was a flyer from Associated Learning. If you would like your child screened, please fill out the form and send it back. If you have any concerns about motor skills or speech, this is a critical year to determine strategies to help your child.

Also, the Third Grade is leading the Advent Liturgy on December 16. Readings will be sent home shortly.

The December calendar will be filled out tomorrow. Please look for this in your child's organizer.

Please send one large red apple on Friday for an art project.

Inside the Monday Folder

Listed Below is the work that should be in the Monday Folder from **Mrs. Langridge, Miss Costa, and any specialized teacher**. Any work that is not in the folder is missing
