

ART SUPPLY LIST 2006-2007

* Indicates new supply required for 2006-2007

Students bring their own supplies to art class. This helps students learn to respect materials. Supplies on this list can be purchased at many stores, including Michael's in Redwood City. Many of these supplies can be used from year to year. This year, students are not required to buy a sketchbook

Students in Kindergarten through 5th Grade are required to bring the listed art supplies but please do not supply art boxes to store them. Bins in the art classroom will be supplied to keep art supplies organized for each grade level. Sending supplies in on the first day of school in a grocery bag is fine.

Students in 6-8th Grade will be required to bring the listed art supplies AND the art box to store them. Please label all items with student's name.
