Dear Parent,

On Thursday, the class will be going on a field trip to St. Bartholomew's where they will see crèches. To extend this activity, the third and fourth grades together will create crèches. There will be supplies available in class for them to use. If your child would like to bring in anything extra, please send this in on Friday. We will be making the models using shoeboxes. Donations of shoeboxes would be greatly appreciated.

Some of you may have noticed that graphs and Sudoku puzzles are coming home in the Monday Folder and are not on the list. These are enrichment activities.
