Dear Parents,

It was so nice seeing most of you yesterday at the open house. I hope you enjoyed all the great work the students have done. I am sorry for any confusion that last week's newsletter may have caused. This Wednesday the school will be gathering in their "families" to play board games. The third, fourth, and fifth grades are responsible for bringing in the games. Please send games in tomorrow or Wednesday. Also, this week the school will be gathering to pray the rosary. Students are welcome to bring their rosary beads on Tuesday. In math, timed tests will begin this week. Just the facts that we have memorized will be tested. This week, the class will be starting the 3's and 4's. We will continue to create flash cards in class and students should continue to practice every evening with all the sets. The February calendar should be posted on the website.
